My dear Sir,

On my return  
home after an absence  
of three months, I find  
in the Am.-J. Seice a no-  
tice of a publication of you  
on the Oaks of the U.S.  
This is a subject which  
has interested me much,  
& I am exceedingly glad  
to see that you have

undertaken to give the  
results of your great &  
precious & able judgment  
on this exceedingly diffi-  
cult but very important  
group of our forest trees.

Many years ago in Paris  
Mrs Lea & I talked over  
these Am. Oaks with  
Michaux whom I knew  
very well -

May I ask the  
favour of a copy of this  
Memoir which I shall

value  
or as coming from you, &  
for its value as authority  
from one who is so emi-  
nent in our American  
Botany -

I have understood  
that you have been in  
Philadelphia. I regret  
 exceedingly not being in  
the city while you were  
here - Right  
yours truly  
Frederick Law

My dear Dr Engleman

You very kind note  
& the Memoir on the  
Oaks have been rec'd.  
I am greatly obliged  
to you for this very  
valuable paper, for you  
have gone analytically  
into this most interesting  
genus.

As yet I have  
not been able to collect

any specimens. Deter-  
mination is just now  
coming forward and  
hope when the leaves  
of the Oaks are man-  
tained to be able to make  
out the species I shall  
find in going north  
& into more elevated  
positions.

Thanking you  
again for this valuable  
paper I am Respectfully  
Yours Truly  
Grace Lee
